Direct Deposit Your Tax Returns!

When sending in your tax returns, don't forget to sign up for direct deposit with LPCCU! All you need is our routing number (272482126) and your account number. Don't forget to put a 00 at the end of your account number if you want it deposited to your savings account or a 70 on the end of your account if you want it deposited to your checking account.

By using direct deposit, many members receive their refunds much quicker than by receiving a check. So, don't forget this article when finishing your tax forms!

Wiring Information

Wiring money into your LPCCU account can be a snap- you just need a little more detailed information to do so. Since the wired money first goes to our corresponding Credit Union, you will need that routing number and location, which is: 272478075, Southfield, MI. The second set of numbers you will need is for our routing number 272482126 and your account number with a 00 on the end for savings or a 70 on the end for checking. Your wired money will be posted as soon as we receive notification it has been posted to our corresponding Credit Union. If you have any questions, please feel free to give us a call.

Special Thanks

Thank you to all those members who contributed to the "Paper Pumpkin" drive for the local Cystic Fibrosis Foundation. We were able to raise \$155.00 for Cystic Fibrosis. This surpassed last years total of \$151.00.

Thanks to all our members for helping us help those in need and giving so generously, together we are making a differences!

Your LPCCU Statements and the Beekman Center

Did you know that your monthly statements are done by special education students at the Beekman Center in Lansing? Your statements have been done by these students since 1993. The Beekman Center is part of the Lansing School District, and the students are offered vocational training at this facility. Your statements are broken down into a number of pages. They are then folded and put together by hand. Students who can read put together statements that have 2 or more pages in them. Everyone else puts together single page statements. The students at Beekman also put together car parts for General Motors, and other jobs for the automobile industry. Many Beekman students go on to have jobs in the community after graduation. The things they are taught while at Beekman help them get these jobs. So, the next time you get your monthly statement, remember that you are helping a young person with disabilities learn to complete a job, start to finish, and become working members of your community!
